

ARE YOU READY TO PAY THE WATER & SEWER EXPENSES FOR COMMUNITIES LIKE VERRADO & ANTHEM?

Under EPCOR Consolidation Proposals, Sun City water & wastewater rates will double. More than \$10,000,000.00 each year “of your money” will be taken out of Sun City to subsidize other community infrastructures.

The only chance to stop this injustice is court action. SCHOA is challenging EPCOR and the Arizona Corporation Commission both by appealing the wastewater decision and intervening in their new water case.

We need donations to pay for the necessary legal fees to continue the fight for our community.

It's your money - do nothing and you will be guaranteeing your dollars will be sent to pay for the other community infrastructures.

HELP US HELP YOU - DONATE
