

**PETITION – WATER DOCKET #:
WS-01303A-17-0257**

We, the following signatories, respectfully petition the Court and/or Commissioners to hear our voices and rule against the forced consolidation of EPCOR water districts in this case. The following signatories do hereby petition the Arizona Corporation Commission Presiding Hearing ALJ and or Commissioners to rule against the issue of forced consolidation of EPCOR’s water districts as presented by EPCOR and under consideration in this case W-01303A-17-0257. To grant forced consolidation and impose identical rates on dissimilar communities who require dissimilar costs to serve, is rate discrimination in violation of Arizona’s constitution. Our expectation and understanding of the principles of fairness in this matter would be discarded by the Court and Commissioners if forced consolidation were to be mandated upon the EPCOR ratepayers covered by this case.

We attest that the opposite of cost-based rates is rate consolidation and single-tariff pricing because all customers of a corporate utility pay uniform rates untethered to the actual, unique cost to serve particular communities.

We, the people, submit that forced full consolidation of the EPCOR water districts in this case is logically not in the best interest of the public and is further unfair, unjust and unconstitutional.
